

AZCO INDUSTRIES LIMITED

Advanced Ozone Technology (since 1975)

Application Questionnaire

Aquaculture

1. Project name.

2. What is the water flow through the tanks?

3. Is there a re-circulation loop? If so what is the flow through the loop?

4. Is there a clean and dry room available? If so what size?

5. Do you plan on future expansion?

6. Is there available dry air or oxygen on site?

7. What is the location's voltage, current, and frequency?

8. Attach your local laboratory water analysis.

9. If available, please attach a sketch of all applicable elements.

Please email the completed questionnaire to azco@azcozon.com

We look forward to working with you.
