Advanced Ozone Technology (since 1975)

Application Questionnaire

Fishing boats

1. Project name.

2. What is the total water volume in the fish holding tanks?

3. What is the re-circulation rate?

4. Is the water in the fish tank fresh or sea water?

5. What is the location's voltage, current, and frequency?

6. If available, please attach a sketch of all applicable elements.

Please email the completed questionnaire to azco@azcozon.com

We look forward to working with you.
