

AZCO INDUSTRIES LIMITED

Advanced Ozone Technology (since 1975)

Application Questionnaire

Lake remediation

1. Project name.

2. What is the estimated average and maximum temperature of the lake.

3. What do you plan to use the water for?

4. What is the location's voltage, current, and frequency?

5. Do you plan on future expansion?

6. Provide the most recent water analysis.

7. If available, please attach a sketch of all applicable elements.

Please email the completed questionnaire to azco@azcozon.com

We look forward to working with you.
